## Liberty Partnership Program

**LIBERTY  
PARTNERSHIPS**  
ESTABLISHED IN 1988 BY NYSSED

## Services & Supports

The SUNY Poly LPP program offers a wide range of student based services concentrated in academic support, career exploration and social emotional skill building. For more information, please visit <https://sunypoly.edu/liberty-partnerships-program.html>

### Individual Academic Support Meetings:

Provided monthly to support students personally identified academic, career and social goals

### Social Emotional Assessments:

Targeted to assess each students individual social emotional development level

### Personalized Learning Plans:

Designed to meet each students individualized academic, career, and personal goals

### Career Exploration & Employment Preparation:

Connection to tools and resources to help students meet their academic and career goals including connection to higher education through college tours and resume building

### Afterschool Programming:

Offered regularly in district and expanding to include civic engagement, leadership programming and specialized field programming in addition to academic support

### Summer Programming:

LPP students are invited to attend camps and events annually each summer at no-cost to the families including academic and career based programs supporting continued and new interest in career exploration
