

ASTRO SEMINAR SERIES 2024

From stars to supernovae,
what can we learn?

Talk 1: MVCC, Academic Building, Room 247
(Feb 20 2024, 10:45am -11:30am)

Talk 2: Utica University, Gordon 167, Donohue
Auditorium (Feb 28 2024, 12:30pm - 1:30pm)

Talk 3: SUNY Poly, Donovan 2132, CoAS
Conference Room (Mar 4 2024, 4:00pm -
5:00pm)

Content:

- Stars and Supernovae, what are they?
- Open Questions about Supernovae
- Research Career in Astrophysics?
- Doing SURP projects in SUNY Poly 2024

Speaker:
Dr. Shing Chi Leung
(SUNY Poly)

Co-organized with (1) CSTEP (Collegiate Science and Technology Entry Program) in SUNY Poly and Utica University, (2) the PASS program in Utica University, (3) Dr. Shahida Dar in MVCC. The speaker acknowledges support by NSF LEAPS grant (project #AST-2316807).
