

March 25, 2020

Good Afternoon,

We learned today an employee of one of the tenants located in CESTM called this morning saying they are starting to feel ill and called their doctor. Their doctor has not requested testing and told the employee to self-quarantine for 14 days or until they feel better. Out of an abundance of caution, the tenant notified us they are contacting Clean Harbors (CH), a professional cleaning service, to clean and sanitize their offices on the 3rd floor of CESTM. This is scheduled to take place as soon as possible, starting Thursday, March 26, 8:30 a.m.

As far as the cleaning, CH will likely perform the same cleaning that they did for another office on site a week ago, which included being in HAZMAT suits and carving off the office entryways with plastic. We wanted to provide forewarning of this taking place.

Based on conversations with the tenant, this person was only in the tenant's offices, and then left the facility each day for the last week. They were not in the fab since March 18th. It is also our responsibility to safeguard the privacy of the employee, and in accordance with federal law related to health information, the individual cannot be identified.

For continued updates, please regularly visit the dedicated webpage at <https://sunypoly.edu/covid19.html>.

Thank you,
