Exams during final exam week are for full term lecture/seminar classes only.

To determine your final exam time and date, follow the instructions below:

- Exam times are set based on the days and start times of your lectures, NOT the lab meeting times
- Look in the unshaded portion of the table to find the time and day(s) your class (lecture) starts.
(M = Monday, T = Tuesday, W= Wednesday, R = Thursday, F= Friday; TR = Tuesday *and* Thursday; MW = Monday *and* Wednesday, etc.)
- In the shaded area at the top of the table column is the exam date. The shaded area at the left of the table row is the exam time.
- Please note that the final exam room is the same as the class meeting room unless your instructor informs you otherwise.

Example: If your class meets MWF at 10:40, the exam date is Monday, December 14, 10:15am - 12:15pm.
